INDUSTRIAL STRENGTH INDUSTRIES

INDUSTRIAL & TACTICAL SUPPLY

A Woman-Owned Small Business

INDUSTRIALSTRENGTHSUPPLY.COM

BACKGROUND

Industrial Strength Industries was founded to address the needs of First Responders, Law Enforcement, and Industrial clients in New York State who seek to include small businesses in their Supply Chain. With over 25 years of experience, Industrial Strength Industries can assist you in meeting your diversity and small business goals.

FOCUS

Our services center on our sourcing from our network of Search & Rescue, SCUBA, Tactical, and Industrial manufacturers and distributors. Our objective is to service our client-base with excellence. Contact us for your Search & Rescue, SCUBA, Tactical, Safety & Industrial Needs.

MOHOC® & MOHOC IR®

THE WORLD'S FIRST MILITARY OPTIMIZED HELMET CAMERAS

The tactically designed MOHOC® Camera revolutionizes form-factor, ruggedization, and user interface. The patented helmet-contoured base and low profile housing eliminate snag hazards.

Waterproof to 10m/30ft and drop-proof to 2m/6ft, MOHOC® is military-grade tough and IP68 rated. Its single button tactile control with vibration feedback enables intuitive operation in any conditions.

Both MOHOC® Cameras capture razor-sharp 1080p HD video and 12MP photos in visible light, low light, and white light. The new MOHOC® IR model also records in total darkness when used with infrared illumination (black & white images).

Stream live video by Wi-Fi, and relay to command over compatible tactical radios and cellular platforms.

ITEM #: MHDBK	MOHOC®
ITEM #: MHDBK-IR	MOHOC IR®

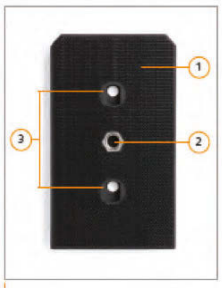
ACCESSORIES

Multi-Mount

Developed specifically for use with the MOHOC® and MOHOC® IR Cameras, the Multi-Mount is designed to extend the functionality of your camera beyond the helmet. This single accessory allows MOHOC® cameras to securely mount on flat surfaces, tripods, weapon rails, and the universe of action camera mounts.

Just like the MOHOC® cameras it supports, the Multi-Mount is purpose-built tactical equipment with innovative form-factor, militarygrade ruggedization, and intuitive user interface.

ITEM #: MH-MM



Instantly secure your MOHOC® Camera to the top of the Multi-Mount with industrial-grade Velcro®. Then use the anchor points on the bottom to attach the Multi-Mount wherever your operation demands.

1. Flat base with VELCRO® hook to attach to flat surfaces
2. 1/4" 20 nut to connect to tripod or Action Camera Mount
3. Picatinny Mount & KeyMod™ attachment holes

Optional Picatinny Mount

The Multi-Mount + Picatinny Kit attaches securely to Picatinny rails on a wide variety of weapons systems:

Includes Multi-Mount, Action Camera Mount, and Picatinny Mount

ITEM #: MH-WMT	Multi-Mount + Picatinny Kit

Shoulder Mount

When your operations don't require a helmet, the Shoulder Mount provides an instantaneous body-worn alternative. Built with tactical nylon and secured by industrial-grade Velcro®, it's compatible with vests, chest rigs, backpacks, and other shoulder straps. Once positioned, simply turn the rotating lens on the MOHOC® to ensure a level shot.
